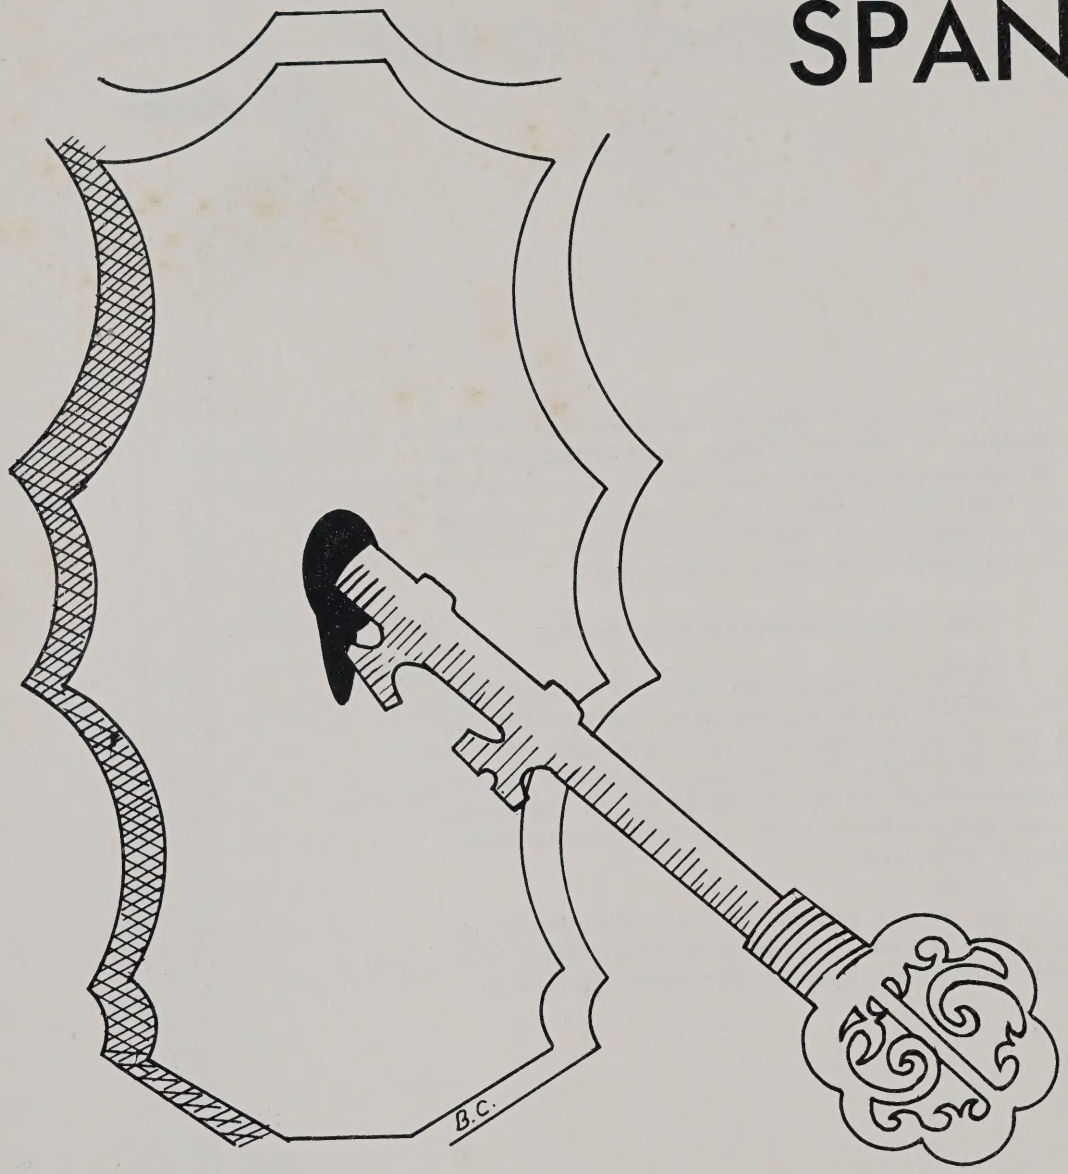
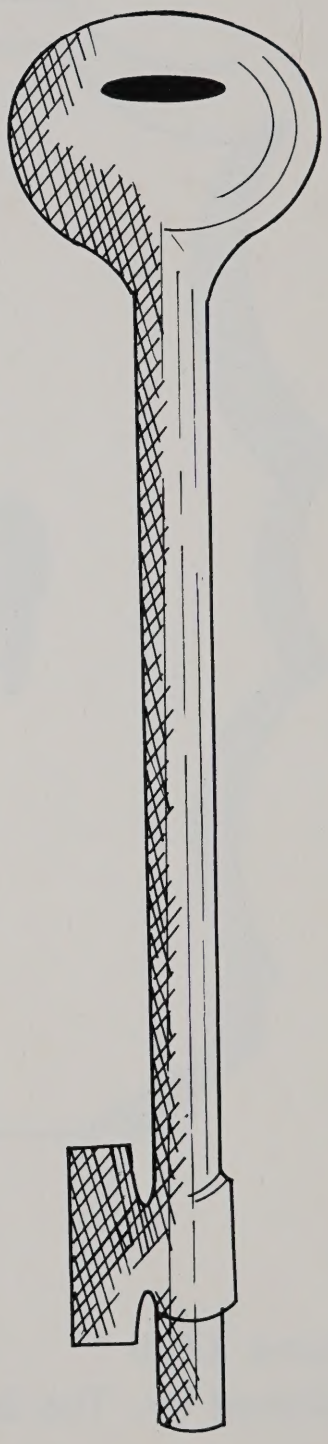
THE SPAN



Volume XXVII
Published by: The Students of N.B.H.S. 1965-'66

FOREWORD . . .



Another year has passed in the lives of the Students of Natural Bridge High School, and as the Seniors prepare to step out into the world for the first time in their lives, a question arises in the minds of each and every one of us: Will the world profit by my being a part of it?

This of course remains to be seen.

All of our years here are but a small part of our success to be, and much awaits us in the form of higher education, if it is sought. And it must be sought; for our own benefit and for the benefit of the world. Because we are the young men and women of today and the potential leaders of tomorrow.

As we say goodbye to our Alma Mater we greet the new and everchanging world outside with new and vital courage for progress and success.
